

## Quality Policy

With this Quality Policy we want to achieve our Vision, always following our Guiding Principles and applying the Market Based Management® culture

We commit to:

- Producing products and providing services safely (striving for zero defects) and in compliance (satisfying customers, statutory and regulatory requirements) at the highest level of quality required, while using fewer resources.
- Taking into account the context of each plant, setting and pursuing Quality objectives in order to achieve the continual improvement of our Quality Management System.
- Improving our customer responsiveness, reduce defects, claims & variability.
- Recognizing Quality as mainstream management responsibility - Leadership & Line Managers are directly responsible for Quality in activities under their control.
- Maintaining that every employee is responsible and accountable for quality in their activities undertaken.

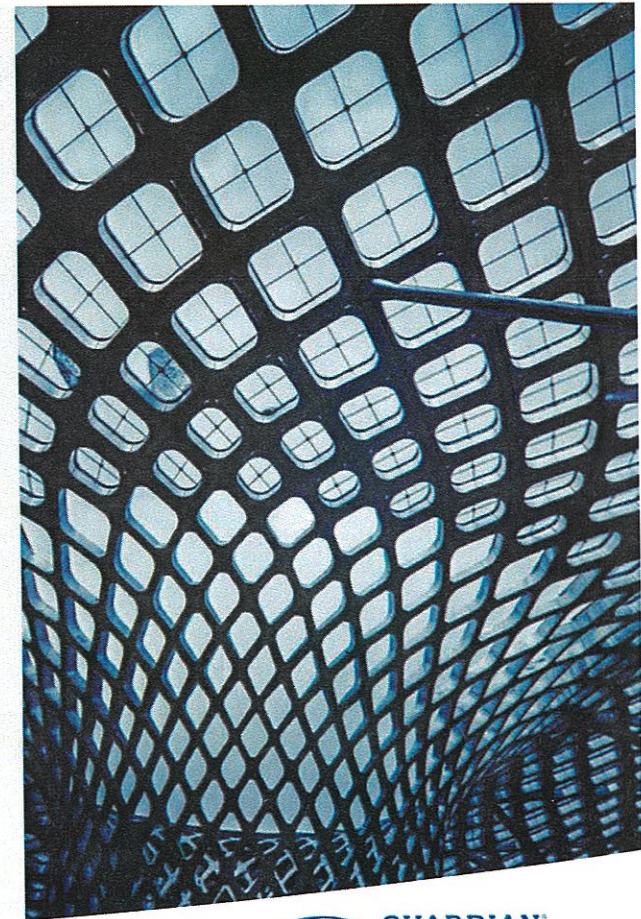

This Quality Policy shall be communicated, understood and applied within the organization.
